

Jenny Slaughter

DESIGN TECHNOLOGIST • <http://jslaughter.net> • jenny@jslaughter.net

Summary

I'm a web developer and graphic designer with a focus on creating design systems and building front end pattern libraries. I love creating harmonious, functional systems that empower large organizations to tell their story.

Experience

Senior Front End Designer and Developer, Chromatic

2020 - 2021

- Collaborated closely with clients and team members to deliver front end code, user interface designs, and consulting advice for large websites.
- Planned development and design strategy including high- and low-fidelity prototypes and user experience research.
- Participated in and contributed to peer review of code and visual design deliverables.
- Assisted in defining project requirements, scope, and cost estimates.

Web Developer, NewCity Designer, NewCity

2011 - 2020
2017 - 2020

- Designed and coded design systems and front end pattern libraries for higher-ed institutions and other large organizations.
- Coordinated with development, design, and user experience teams to develop atomic design systems, front end assets, and content management solutions.
- Presented designs to clients, explained design decisions, and incorporated feedback.
- Prepared and performed presentations including educational talks at industry conferences and pitches for potential new business.

Web Developer and Designer, Ferrum College

2008 - 2009

- Oversaw all creative direction, development, and maintenance of the college's website including a major redesign.

Designer and Developer, Freelance

2003 - PRESENT

- Designed and developed websites, print collateral, photography, and video materials.

Education

Radford University, Radford, Virginia

GRADUATED MAY 2007

- Bachelor of Science, Major: Media Studies. Concentration: Web Design.
